About Ideal-ist

Ideal-ist is the first and unique quality labelled international ICT partner search network with 13 years experience. The network of Ideal-ist consists of 63 national contact points (NCP) in the area of Information and Communications Technologies. The Consortium members are from EU and Non-EU Countries, including Associated States, Eastern European Partner Countries (EEPC) and Mediterranean Partner Countries (MPC) and Emerging countries like China, Brazil, India and South Africa. Ideal-ist is part funded by the European Commission and supports research organisations and companies worldwide to find partners for their project ideas. It helps them to join projects and to find services leading them to success in the 7th Framework programme. Furthermore, the main goal is the enhancement of cooperation between the national NCPs within FP7 and an overall improvement of quality across Europe in the dynamically growing area of ICT. This is in line with the international cooperation strategy of the European Commission.
