### Description of your expertise / the expertise you are looking for

(up to 1000 characters)

PROEKSPORT Albania is the national representative association of the Albanian Textile, Clothing, Leather and Footwear (TCLF) industry, representing more than 700 manufacturing companies and over 65,000 employees across Albania.

The association has extensive experience in supporting digital transformation, advanced manufacturing technologies, workforce upskilling and innovation adoption among SMEs. Through its nationwide network, PROEKSPORT provides direct access to manufacturing companies that can participate in pilot activities, testing environments, digital technology validation, user acceptance assessments and industrial demonstrations.

PROEKSPORT has participated in EU-funded projects, including Digi4Wearables (ERASMUS+) and AMTECH, focusing on digital manufacturing technologies, CAD/CAM systems, Industry 4.0 solutions, digital skills development and innovation capacity building.

The association actively collaborates with government institutions, universities, vocational education providers, innovation stakeholders and industrial clusters. It can contribute to stakeholder engagement, pilot implementation, dissemination, exploitation activities, industrial validation, training programmes, SME mobilisation and policy dialogue.

PROEKSPORT is interested in joining Horizon Europe consortia as an end-user, pilot demonstrator, stakeholder engagement partner, dissemination and communication partner, industrial validation partner and contributor to digital skills and innovation adoption activities.

<p><b>Description of your organisation or the consortium for which you need a partner:</b>          PROEKSPORT Albania is the official national association representing the Textile, Clothing, Leather and Footwear (TCLF) manufacturing sector in Albania. Established in 2019, the association serves as a bridge between industry, government, academia and international partners. The organisation currently represents more than 700 member companies operating across all regions of Albania. The TCLF sector is one of the country's largest export-oriented industries, employing over 65,000 workers and playing a key role in Albania's economic development and integration into European value chains. PROEKSPORT has significant experience in EU-funded projects, industrial capacity building, skills development, sustainability initiatives and digital transformation programmes. Through its extensive network, the association provides direct access to manufacturing SMEs and larger industrial operators that can participate in pilot actions, testing activities, technology validation and innovation uptake initiatives. PROEKSPORT maintains strong institutional links through its participation in the National Labour Council, National Investment Council, National SME Council and other strategic advisory bodies. The association provides a unique gateway to industrial ecosystems and manufacturing SMEs seeking to adopt innovative digital technologies and improve competitiveness within European value chains. PROEKSPORT is particularly interested in projects involving AI, Industry 4.0, digital manufacturing, industrial data sharing, workforce digital skills, sustainable production systems and innovation support services for SMEs.</p>
