## Description of your expertise / the expertise you are looking for

(up to 1000 characters)

Durana Tech Park is Albania's first public Science and Technology Park and free economic zone, established to bridge academia, industry and government under the Ministry of Economy and Innovation. Our ecosystem connects 8 partner universities with 56 resident companies and 24 startups, actively facilitating technology transfer, applied research collaboration, internships and talent mobility between academic institutions and industry. Durana has direct experience supporting consortium building, proposal development and stakeholder engagement for EU-funded technology transfer and innovation initiatives, including cooperation with GIZ, the World Bank and IFC (first EIP pilot in Albania). We offer capacity to map and mobilise Albanian university intellectual assets, connect researchers with industry/startup demand, and support knowledge-transfer and commercialisation pathways in the Western Balkans.

| <b>Description of your organisation or the consortium for which you need a partner:</b><br><p>Technology transfer sits at the operational core of Durana's mandate: its Project, Research and Development Department directly manages the interface between the Park's 8 partner universities and its 56 resident companies, coordinating internships, talent mobility and joint research-industry events. Durana has practical, hands-on experience identifying where academic research outputs can be matched with market-side demand from startups and SMEs — precisely the intermediation function this topic seeks to strengthen at EU level.</p> |
